

Packstat PS281 is a high-performance acrylic foam tape for permanent indoor and outdoor mounting for a wide range of bonding applications. For powerful long-lasting bonds, even on material with different surface characteristics. The viscoelastic core compensates thermal elongations of bonded components during the life cycle of the final product, with wide extreme temperature range.

PRODUCT BENEFIT

- Outstanding cold shock performance down to -40 °C
- In combination without adhesion promoters a secure and reliable bond in outdoor conditions

Main Applications

- Exemplary mounting applications in different industries and in particular aerospace, military, automotive and mass transit

Product Properties	Unit	Nominal Value
Backing material	n/a	Foamed Acrylic
Type of adhesive	n/a	Pure Acrylic
Total thickness	µm	500
Colour	n/a	Black
Adhesion to steel (after 3 days)	N/cm	27

Certificates

- PS281 is recognized according to UL Standard 746C. UL File QQW2.E309290
- RST Fire testing in accordance with DIN EN 45545-2, EN ISO 5658-2
- Qualified for a credit according LEED.

Liner options

- PV24: Blue film liner - unbranded
